Malang, East Java, Indonesia

PROFESSIONAL SUMMARY

Hi, I am an IT Engineer with 3 years of experience delivering enterprise applications in the energy and laboratory sectors. I specialize in React.js, Next.js, Flutter, CodeIgniter, and Laravel, with proven expertise in real-time system integration. Skilled in Agile methodologies, I excel at cross-functional collaboration and driving projects to success with measurable business impact. Currently, I serve as a Technical Project Manager, leading a Warehouse Management System project at Pertamina Lubricants Cilacap. I have also led similar projects at Pertamina Lubricants in Jakarta and Gresik, strengthening my leadership experience across multiple locations.
